1. About Us

Pita Africa Co. Ltd is a Tanzanian company specializing in the mining, processing, and export of high-quality graphite and dolomite powder. With a strong focus on sustainability and innovation, we are committed to delivering premium products to global and local markets.

2. Our Vision

To become a leading supplier of high-grade graphite and fine dolomite powder, contributing to the advancement of renewable energy, construction, and agriculture industries.

3. Our Mission

- To provide top-quality graphite and dolomite powder that meet international standards.
- To foster sustainable mining practices that benefit the environment and local communities.
- To build long-term partnerships with global and local clients and stakeholders.

4. Our Core Values

- Quality Assurance
- Environmental Responsibility
- Integrity and Transparency
- Customer Satisfaction

5. Products and Services

- Graphite Mining and Processing.
- Export of High-Quality Graphite to China and other global markets.
- Mining, Crushing, and Grinding of Fine Dolomite Powder.
- Local Supply and Export of Dolomite Powder for Cement, Agriculture, and Wall Putty.
- Consultation on industrial applications of graphite and dolomite powder.

6. Why Choose Us?

- Strategic location in Tanzania, rich in high-grade graphite and dolomite reserves.
- Advanced processing facilities, ensuring quality and purity.
- Compliance with international mining and export regulations.
- Reliable logistics with our own fleet of trucks, ensuring timely delivery.

7. Our Markets

- Graphite: China, Asia-Pacific, Europe, North America.
- Dolomite Powder: Tanzania (local supply) and international markets.
